

CHALLENGE4

BANKING FOR GENZ

INTRODUCING THE ABSA COMMUNITY WEBSITE

Our main focus is to give Absa customers easy access to financial education and communication amongst themselves.

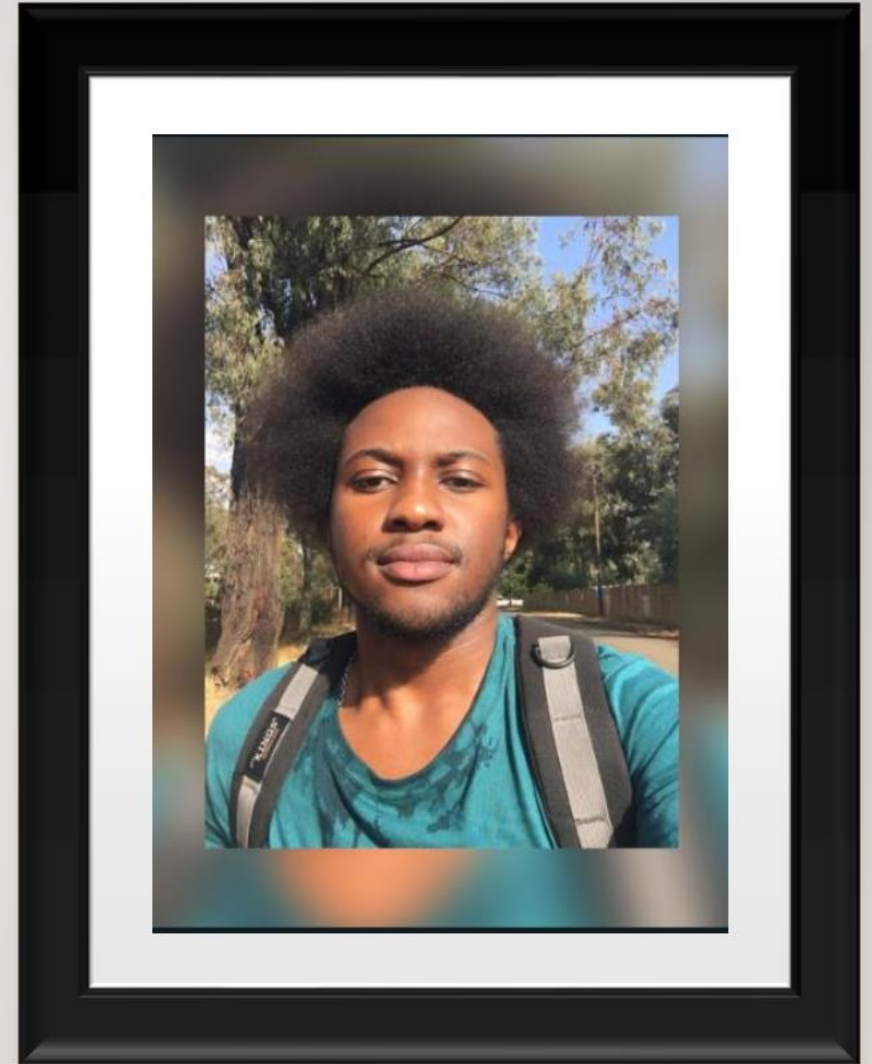

Benefit Of The Absa Community Websites

- ❖ It is a client based websites basically for Absa users
- ❖ It allow users to communicate among each other
- ❖ There will be a section that is based on financial education whereby Absa users will learn more about budgeting, management, Investing and etc.

ALEC SHELEMBE

The man who created the website within 2days.He is the man of his own word and always make things happen. He is patient and always on time.

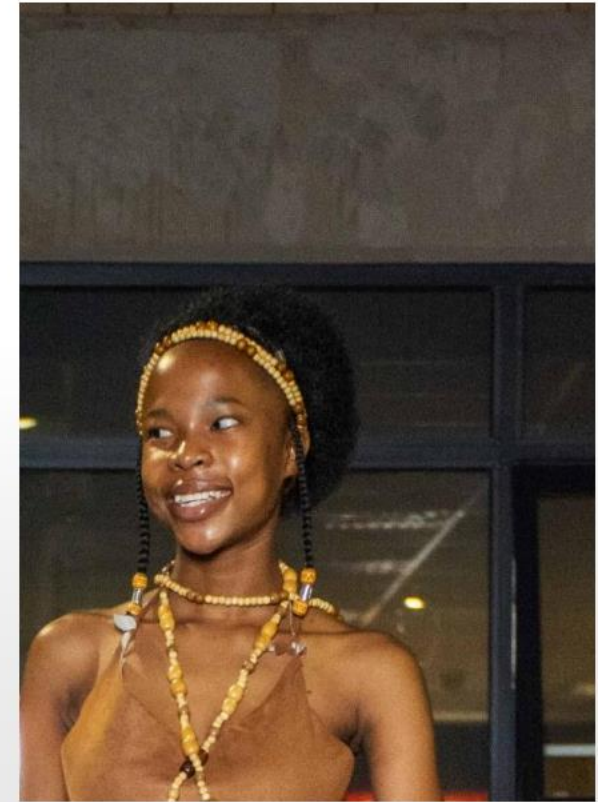

NKOSI MNYAMANE

The man with the brightest mind. The man that can teach you about financial literacy. He is intelligent and he would like to share his knowledge with other people.

PALESA DITAU

A leader who manage to organise the team, always had to make decisions and come up with creative ideas. She has an innovative mind and anything that is creative it is made by her.

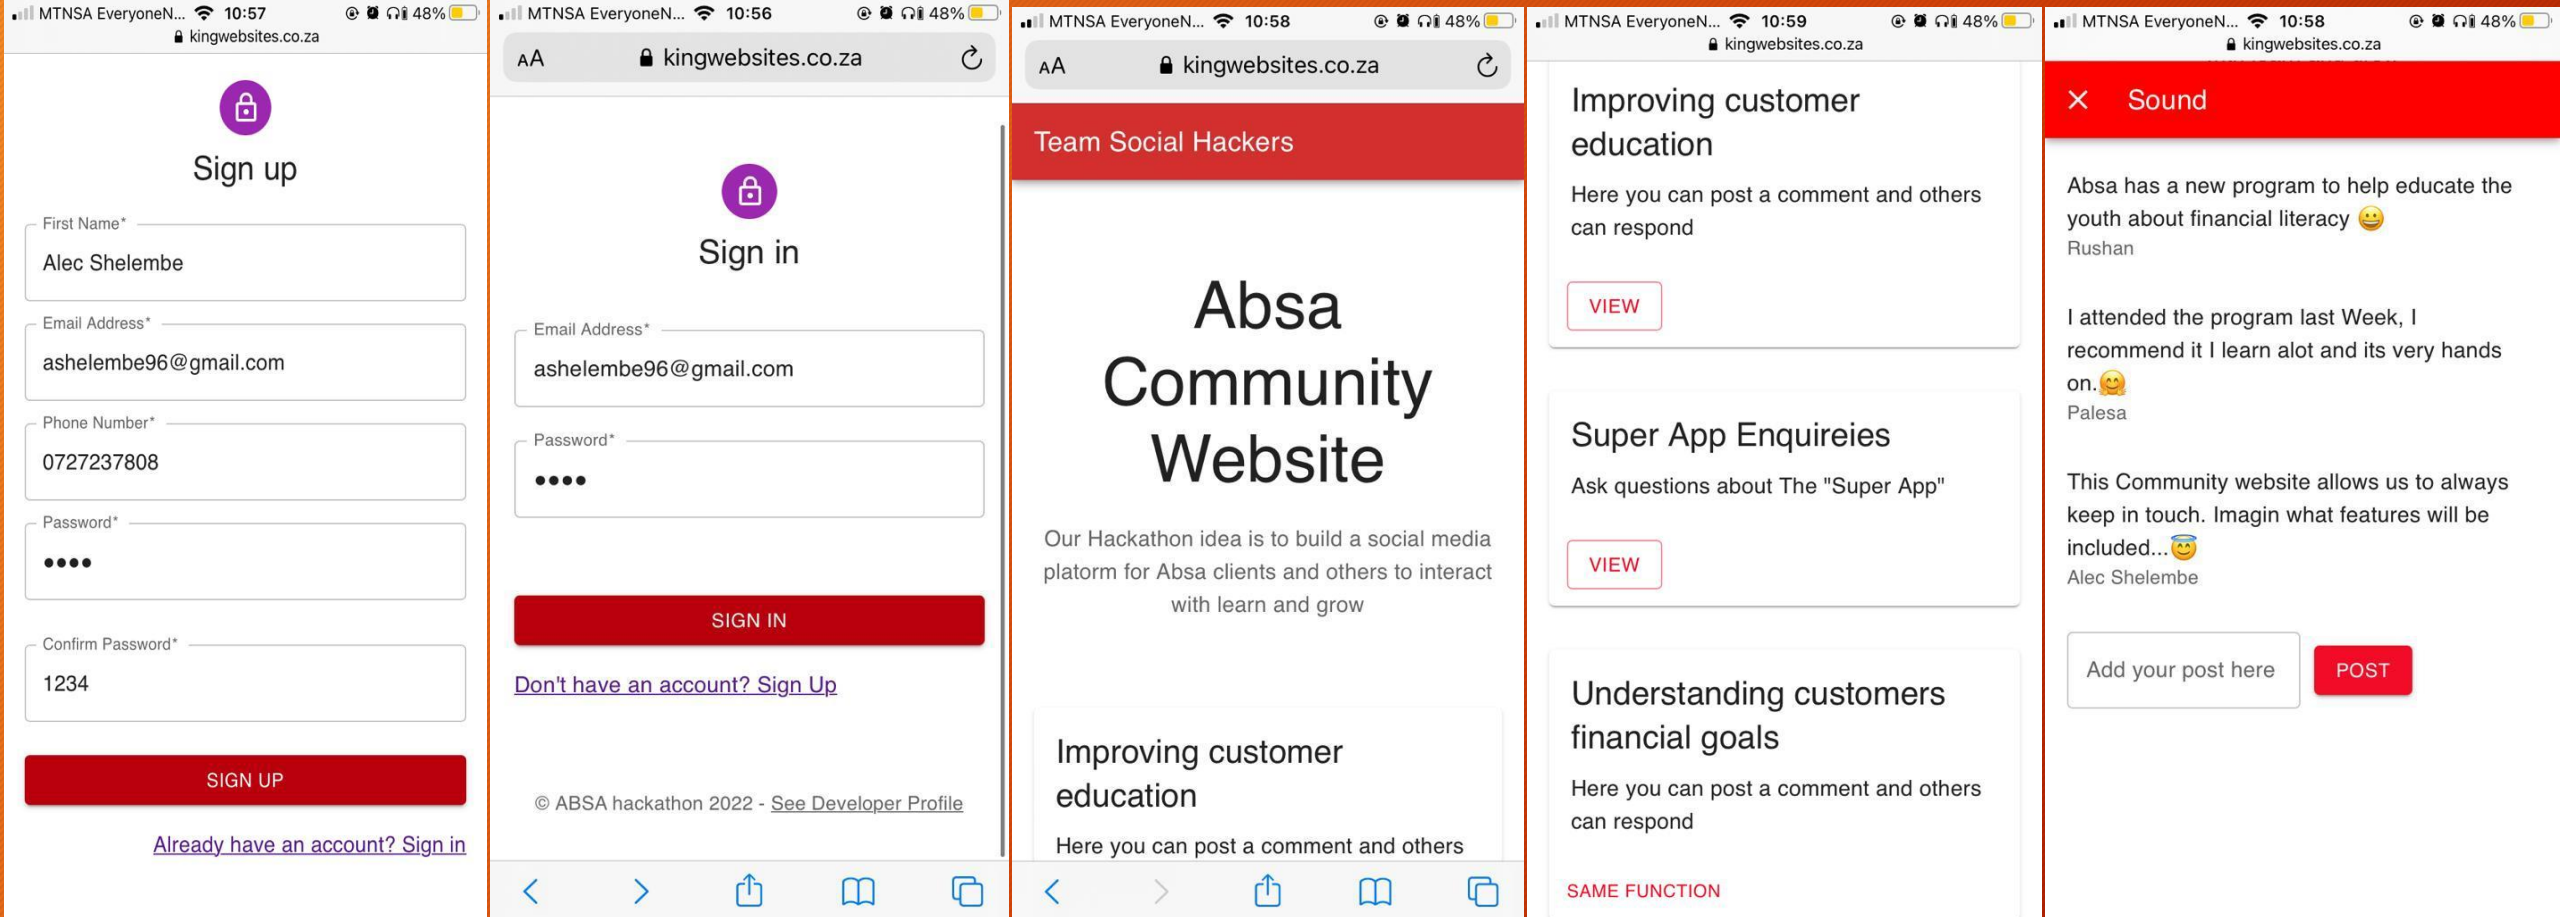

Developing the platform

Alec Shelembe developer Porfolio - [Click here to visit](#)

Please click this link to view the porotype live - [Click here to see the website](#)

MERN Stack

- I built the prototype using the Mongo db, Express Reactjs and Nodejs.
- We want to use these top technologies to build the real app and website too.
- With the financial resources and talent in South Africa we believe we can build this ourselves. This is more beneficial then outsourcing the development process.
- Please click this link to view the porotype live - [Click here to see the website](#)

The Social model will ensure growth and improving customer education

Development in testing

- We want to allow all talent in South Africa to help us build
- Have a look at how we build with the dev console, Reactjs and browser
- Through this we hope to show we are indeed capable of building this platform

```
SignInSide.js - public (Workspace) - Visual Studio Code
JS whatsappSchema.js JS SignInSide.js JS server.js JS SignUpSide.js
src > JS SignInSide.js > SignInSide > handleSubmit
91 |   })()
92 | }
93 |
94 |
95 | return (
96 |   <ThemeProvider theme={theme}>
97 |     <Container component="main" maxWidth="xs">
98 |       <CssBaseline />
99 |       <Box
100 |         sx={{
101 |           marginTop: 8,
102 |           display: 'flex',
103 |           flexDirection: 'column',
104 |           alignItems: 'center',
105 |         }}
106 |       >
107 |         <Avatar sx={{ m: 1, bgcolor: 'secondary.main' }}>
108 |           <LockOutlinedIcon />
109 |         </Avatar>
110 |         <Typography component="h1" sx={{ mb: 2 }} variant="
111 |           Sign in
112 |         </Typography>
113 |
114 |         { /* <GoogleLogin></GoogleLogin> */ }
115 |
116 |         <Box component="form" onSubmit={handleSubmit} noVal
117 |           <TextField
118 |             margin="normal"
119 |             required
120 |           />
121 |         </Box>
122 |       </Container>
123 |     </ThemeProvider>
124 |   )
125 | }
126 |
```

Sound

Absa has a new program to help educate the youth about financial literacy 😊
Rushan

I attended the program last Week, I recommend it I learn alot and its very hands on. 😊
Palesa

This Community website allows us to always keep in touch. Imagin what features will be included... 😊
